EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 36-38 are cancelled.

Authorization for this examiner's amendment was given in a telephone interview with Glen Choi on November 30, 2005.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In regard to claims 1 and 32, the prior art does not teach or render obvious where the second transmitter of a two transceiver system is to reduce jitter in the test/first signal, wherein the reducing jitter includes deserializing the first signal based on a plurality of clock signals in the combination as claimed.

Claims 2, 6-16, 20, 21, 26-31, and 33-35 are allowable because of their dependence upon allowable claims 1 and 32.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
